

Just to let you know...

Reception

Hazel & Willow

Phonics

In our phonics workshops we will be recapping our last group of sounds before focusing on letter formation. We will be revising qu, ou, oi, ue and er.

Maths

We'll be encouraging the children to explain their calculations to 10 using language such as add, and, altogether, more, makes and equals. E.g. 2 bears and/add 3 bears make 5 bears.

This week we are going to be exploring and learning through music and sound.

Lots of our provision activities will tie in with the theme.

- * We will be playing different instruments and composing our own songs.
- * Listening carefully for sounds through games such as sound lotto.
- * Trying to create new sounds with everyday objects.
- * Singing songs that help us add numbers.

*One elephant came out to play
Upon a spider's web one day
He found it such enormous fun
That he called for another elephant to come!*

Two elephants came out to play...

Cooking Corner

We're going to eat Rice Krispies and listen to them go SNAP, CRACKLE and POP!
