

# Just to let you know...

Reception

Hazel & Willow

## Challenge Weeks

The children have had a very busy week thinking hard about each challenge. They have worked on a selection from finding the best way to make a tower from newspaper, working out mazes, thinking of a way to make a boat float and watertight, different ways of making the same number, solving money problems in a shop and thinking carefully about a way to protect Humpty Dumpty when he fell off the wall!

## Toys?

If you are having a bit of a sort out of toys at any time we would be grateful for some toy cars, animals, Duplo, Lego, play food, stencils etc.  
Thank you

## Sports Day

Sports day is Tuesday 12th July on the field. Do join us there after drop off. There are 4 tracks so that the children can run in their house teams.

## Move Up mornings

The children met their new class and teacher on Tuesday morning. They did really well and came back very excited!

We plan to do the same on  
**Wednesday 13th July.**

We will also try and give the children opportunities to have some Discovery Time in Year 1 or be read to by their new teachers to help with the transition.
