

JUST TO LET YOU KNOW..

Maths

In maths this week we have been focusing on measuring accurately in mm's and cm's. We then moved on to working out the perimeter of 2D shapes. Can your child measure and work out the perimeter of objects around home?

English

The children are thoroughly enjoying our WW2 topic and learning about the life of an evacuee through 'Spywatch'.

This week our focus has been comparatives and superlatives.

Art

The children had a brilliant time creating their very own wax water colour paintings. Their work was inspired by the artist Henry Moore. They based their work on WW2 air raid shelters.

Spellings

There will no new spellings until after half term - enjoy a restful break!

Y3 Sleepover

There will be a meeting in the Chapel on Thursday 13th June at 7pm to go through the details for our day and the arrangements for the sleepover – we look forward to seeing as many of you as possible.

Henley Fort Trip

Please check that your payment towards the cost of this trip has been paid using PARENTPAY – Many thanks

FLUFFY Friday

The children enjoyed a fun packed day with friends from different classes and year groups. Our thanks to all volunteers who helped out; we couldn't do it without you!

Henley Fort was amazing and we had great fun learning about the Home Guard and ARP Wardens.
