

Just to let you know...
Happy New Year and we hope
you had a lovely break!

Phonics

We are going to continue revising the sounds we were learning last term. We are also going to introduce the children to 'curly school writing.' By this we mean the cursive letters. We will stick a sheet of the 'curly school letters' into the JTLYK book so your child can easily check what a letter looks like. We will begin by teaching the 'curly caterpillar letters' a,c, d,o,g. We will be reminding the children to hold the pencil in what we call 'a froggy grip.' We would love to see any curly school writing if your child would like to write some letters in their JTLYK book.

Cooking Corner

This week we are going to be making mini pitta bread planets with a variety of tasty toppings that the children will be chopping, grating, slicing and eating!

Reception

Hazel & Willow

Maths

We will be thinking carefully about the sequence of the days of the week, learning a months of the year song and teaching o'clock times. It would be good if you could talk to your child about the sequence of the day and the approximate o'clock time he/she gets up, has breakfast, goes to school, has lunch, comes home, has tea, etc.

We will be playing a version of 'What's the time Mr Wolf' but changed to 'What's the time Mr Spaceman!'

Thank you for all the Space books and Space related things your children have been bringing to show us.

We are planning to make lots of Space related models. Please bring in any plastic milk bottle containers, lots of foil, both large and small cardboard boxes, milk bottle tops, bottle tops, tubes of all sizes and lengths and anything else that you think might be good for a space model.

Thank you!
