

# Just to let you know...

This week the children have been thinking about how to plan a story using the Story Mountain. They were shown a clip of a children's film and encouraged to decide what happened next. Using their plan, they wrote specific part of the story.

In Maths, the children have been learning about tenths and hundredths. They used their understanding of decimal place to investigate a variety of problems.

Why not ask your child to relate their knowledge of tenths and hundredths to pounds and pence?

## Spellings of the Week

chorus  
echo  
character  
chef  
chalet  
brochure  
science  
scene

government  
hundredth  
figurehead  
  
chemist  
discipline  
fascinate  
machine

Dear Parents,

A big thank you for being so generous this week and supporting the variety of charity events that we have had.

Reminder: Tuesday 17th March, at 7pm is our Bentley Copse meeting. We look forward to seeing you all there.

Have a lovely weekend,  
Julia, Sheila and Jess.

Please continue to hear your child read and record it in their Reading Journal. Also, please note that there is no Reading Carousel on Friday 20th March, because it is FLUFFY that day.

This week, we have learnt that Viking society was governed by 'The Thing'!

Did you know?

- THE 'THING' MEANT ASSEMBLY.
- PEOPLE GATHERED AT THE 'THING' TO DISCUSS LAWS AND PUNISH CRIMINALS.
- THE 'THING' COULD ALSO BE USED TO DISCUSS TRADING AND LOCAL ISSUES.
- THE 'THING' COULD LAST FOR MANY DAYS.
