

# Just to let you know...

Welcome back! We hope you had a lovely Easter break and are feeling refreshed and ready for the summer term.

## \* Don't forget:

- \* • Kit list, itinerary and medical forms have all been handed out to children whose parents were unable to make the Preston Montford meeting; please make sure you have a copy.
- \* • Please return completed medical forms to the office as soon as possible.
- \* • Please ensure payments for Preston Montford are sent in when you can and if you are able to donate a little extra to support those unable to afford the trip, it would be greatly appreciated.
- \* • Clubs started back this week – check the newsletter for details of all clubs running this term.
- \* • Summer is a very busy term, with lots of exciting things coming up. A letter with all our dates will be coming home soon.

**We started our fantastic 'Great Exhibition Expedition' topic this week and all the children are beginning to research their chosen area of interest. They will eventually be 'sent' to different parts of the British Empire throughout the topic to research findings for the Great Exhibition at the end of term. Please encourage them to follow up their work with extra research at home. We are delighted that the children have started this topic so enthusiastically and are looking forward to everything that this term holds!**
