

## Topic fun

We have really got going on our Fire! Topic this week. The first thing we did was to think about all the things we can do to keep us safe from fire.

The children have worked with Julia to light a fire, thinking about which materials burn and which don't. We have learnt about what a fire needs to burn

and thought about all the different uses we have for fire. We

Investigated what happened to a candle when covered with different sized glass jars.

## Maths

We have been thinking about putting numbers in the right order from biggest to smallest.

Can you collect numbers from around your house—how many biscuits in the packet, how many keys on the piano, how many chairs in the house, what about books in your bedroom? Now can you put the numbers in order from smallest to biggest?

**Have a go at counting backwards!  
Can you do it really fast?**

# Fire!

## Friday 13th September

### I'm bored box

Collect fire coloured things from around your house and make a lovely collage!

If you ask really nicely mum or dad might help you to have a campfire in the garden.....!

## Things to remember

Wear your PE kit and bring your swimming kit on Wednesday

We really need BIG boxes (big enough for children to get in) for building Pudding Lane. Please save them and bring them in to school from the week beginning 30th Sept. Thank you.

**All the children need a small unbreakable pot with a water-tight lid for potion making next week. Please bring to school on Monday or Tuesday**

### Meet the team !

It was lovely to see you all on Tuesday. Here is a reminder of some dates for your diary...

**Wednesday 25th September—  
Volunteer meeting**

**Tuesday 1st Oct—Farmer's Market**

**Friday 11th October- 1666 Day**

**14th / 15th October—'The Great Fire of  
Pewley'**

**Tuesday 15th October—Maths  
Curriculum Evening**

**Friday 15th November—St Paul's visit**

## Please practise these spellings...

**across after again air along  
am animals another any around  
away**
