

Just To Let You Know- Hazel & Willow

Next Week

Hazel will be learning qu, ou and oi
Willow will be learning ch, sh and th

In Maths we will be applying our understanding of numbers and shapes to solve practical problems.
At home you could practise laying the table and making sure there are enough knives, forks, plates and cups for everyone.

Cooking Corner-On Friday the children will be baking a little Christmas surprise for you!
Watch this space...

Forest LEAP

This week we have been learning about different types of trees. The children went on a tree hunt and matched photos of trees with trees around the school. They also wrote about their favourite animal from Graham's visit last week.
In maths the children have been learning to read o'clock times. We've sung songs, read stories, made clocks as well as played 'What's the time Mr Wolf?' on the playground.

Christmas Play

We are enjoying singing the songs and practising for the Christmas play. Please can you bring your child's costume in by Monday 1st December. Please can you name the carrier bag and all items of clothes inside-thank you!

With all the excitement of the play and Christmas preparations, the children may get a little bit tired. We understand it may be tricky to maintain your reading routine towards the end of term. We will continue to change books as normal on Mondays, Wednesdays and Fridays.
