

# Year One

## Beech and Oak

27th September 2013

Dear Parents,

We have enjoyed learning about our bodies this week! We started the week by sticking labels on each other to name parts of our bodies. We learnt about self-portraits and had a go at painting our own using mirrors. In P.E. we enjoyed lots of upbeat exercise using different parts of our bodies and had a go at some circuit training! It was fun counting how many star jumps we could do in 1 minute. We were really lucky this week to have a visit from Caitlyn's Mum, Fiona who brought a model of a human torso to look at. We also enjoyed our sculpture walk around Guildford on Wednesday!

Emily and Hannah :)

## Calling all baby brothers and sisters

Dear baby brothers and sisters of children in Year One. You are invited to come into school on **Wednesday 2nd October @ 2:15pm**. Please bring your Mummies or Daddies with you! (There will be biscuits for them and you as well!) The children in Year One would be so excited to meet you and your big brothers or sisters would love to talk to their friends about you. If you can come in please ask your Mummy or Daddy to email Hannah/Emily or catch them at drop off/pick up.

### Photos

We have had a few lovely photos brought in already so thank you if you have done that. If not, there is still time to send in **one named** photo of your child when they were a baby or toddler. We will be looking at how the children have changed since they were younger. We will be photocopying the photos and you will get them back.

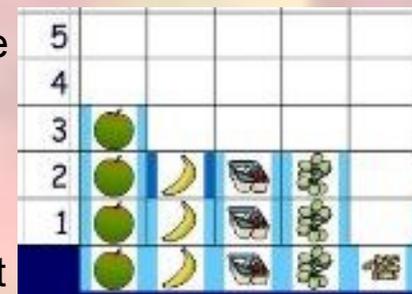

### Sound of the Week!

Look out for the Sound of the Week books this week! See if your child can have a go at the activities!

### Maths Focus

This week we have been learning about pictograms!

We found out

the most popular fruit in our classes and which was the most common hair and eye colour. We were having a go at describing our pictograms to a friend. **Can you make a pictogram of your family's favourite fruit or colour?**
