

# Just to let you know...

## MATHS

This week we have been looking at division. We discussed using counters to help us divide as well as using the inverse to help us solve problems. The children learnt how to divide large numbers using the bus stop method and considered remainders.

## MATHS DAY

We enjoyed a brilliant Maths Day on Thursday. Thank you to all the parents who came and made it so memorable. The children had lots of fun putting what they have been learning in maths to practical use. They were responsible for planning and costing a Tudor banquet.

## SPELLING

Next week we will be investigating noun and verb pairs where the nouns end in '-ce' and the verbs end in '-se'. For example 'practice' (noun) and 'practise' (verb). What others can you find?

We'll be looking at some in school and the children will then be tested on a selection. The spelling test will be on Friday.

Dear Parents,

We've got lots of exciting days before we break up for half term on Wednesday 18<sup>th</sup> October. We have our fantastic trip to Hampton Court on Monday 9<sup>th</sup>. Please remind the children to wear school uniform and bring a packed lunch. A good coat will also help if it's chilly!

On Wednesday 11<sup>th</sup> we will be having our school harvest assembly at 10:10. Please bring in tinned or dry goods for our offering to Guildford Food Bank.

We will be having individual school photos on Thursday 12<sup>th</sup>. Please brush your hair and wear a clean jumper ☺.

Next Friday 13<sup>th</sup> is FLUFFY. Please let us know if you are able to help out with any activities. Do not forget your £1 contribution! It's going to be a great day!

Have a lovely weekend!

Love, Laura, Nick and Catherine.

## HOMEWORK

Do your children know their times tables by heart? Challenge them to learn the 3, 4 and 6 times tables out of order by heart. There is a homework sheet to practise bus stop division; please don't spend more than 30 minutes on homework (it doesn't matter if it isn't completed).

## ENGLISH AND TOPIC

We've had lots of fun this week learning about Henry's six wives and the various fates they met. The children became teachers when they were made specialists of one wife and then reported back to the rest of the class. We then looked at the features of rap and how to compose one. The children have written and performed some fantastic raps!

Henry VIII's marriages
