

Just to let you know...

In English we have begun reading *The Iron Man* by Ted Hughes and the children have been writing their own descriptive paragraphs, considering what Iron Man saw, heard, touched, smelt and tasted before he fell off the cliff. They also thought about how he would be feeling.

This week we have found a variety of objects around the school and have investigated whether they have magnetic properties. Perhaps you could ask your child if they were surprised by any of their discoveries!

Homework: Apostrophes for possession and plurals!

Please make sure your child completes this homework, to be handed in on Monday 24th November.

Maths

In Maths this week we have been learning about fractions. We have explored what an equivalent fraction is. If you would like to support your child further with their fractions work, log on to the mymaths website and go to Level 4, Number and then Fractions.

Great progress is being made in our weekly x tables quiz. Keep up the practising—it really works!

SPELLINGS OF THE WEEK

dangerous
famous
various
serious
curious
jealous
obvious
enormous

filtration

sieving

separating

Extension

spontaneous

courageous

outrageous

tremendous

PE

Please can the children always have their PE kits in school every Wednesday and Thursday.

Also, due to the weather please add joggers to their PE kits and ensure a pair of socks, coat and trainers are available all week.

Many thanks!

Christmas Play

Your child will need a black t-shirt and black joggers or leggings.

Dear Parents,

It was so lovely to see you all last week at our Parents' Evenings. The children have settled in brilliantly to the year group and are really rising to new challenges!

Thank you for bringing in the bottles for our Science Investigation this week.

We would very much appreciate it if you could keep any spare boxes or pieces of recycling you may have lying around at home, as the children will need these to build their Crazy Inventions for homework, in a couple of weeks time.

These will be presented at the Materials Exhibition which is on Tuesday 16th December at 2pm. Hope to see lots of you there!

Have a lovely weekend,
Jess, Sheila and Julia.
