

JTLYK YEAR ONE
Friday 25th November 2016

Road Safety Week

The children have been working hard to learn how to cross roads safely using The Green Cross Code. We had a really good practise of this on Pewley Hill followed by a celebratory play on the Downs. We have also been talking to the children about the safety reasons of getting out of the car on the pavement side.

Maths

This week we have been learning about odd and even numbers. The children have had fun finding out what happens when we add an even number to an odd number or an even to an even number. They have really enjoyed talking to each other and explaining what they have found out.

Sound of the Week

Thank you for all the hard work you are doing with your child with this essential consolidation work at home! It is really making a good difference to their reading and writing. The children are trying so hard with their curly school writing too.

House Music

On Friday 2nd December we have 'House Music' time. We will be spending some time together in our houses having fun making music. If your child learns an instrument and would like to perform to their house please let us know.

'The Day the Crayons Quit!'

Much of our learning this week and next is based upon this funny story. Ask your child about why the pink crayon quit, why the red crayon was so small and what made the blue crayon so cross!
