As you probably all know we have just started our practice SATs papers and the children are working extremely hard. After we have marked the papers, we will be giving the children plenty of opportunities to practice any area where they feel underconfident. More details next week!

Spellings:

Keep practising the spelling words that come up most often in previous year's tests (see page 2) and working on spelling patterns:

Just to let you know...

Dear Parents,

We have now started our Victorian topic. Why not ask your child about which area of Victorian history they find most fascinating.

Best wishes, Clare, Sarah, Tracey, Mary and Helen

WELL DONE!

With Mary away in Spain, 6M have managed brilliantly, working really hard with Naomi who is a very experienced year 6 teacher.

Also a big thank you to all those children who had full PE kit on Monday, please keep it up for the rest of the Summer term. We have taught much of the week in house groups, working through a carousel of different subjects.

We have introduced our Victorian topic.

Based on the success of last year's topic we are continuing to take the approach which allows the children to take much more control over the direction their learning.

They will start to explore Victorian Britain

particularly interested and using it to learn

by choosing an area in which they are

all about the Victorian era.

Maths

This week have been revising the properties of 3D shape, using decimals, fractions and percentages and interpreting data. Please remind your child to practise their times tables.

They could also have fun on mathletics!
