

Just to let you know...

Why not ask your child to tell you all about what they have found out from researching their LEAP?

LEAPS

Learning and Development

Enabling Environments

A Unique Child

Positive Relationships

This week the children have continued to work on their LEAPs projects. Pupils have had to plan carefully what pieces of work they will produce, which link to the original questions on their topic narratives. It would be fantastic if you could encourage your child to do any further research outside of school, to contribute towards the final showing of their work, next Monday (13th).

Examples of work produced so far:

- Poems, Paintings, Life cycle drawings and explanation, Species Distribution.

Dear Parents,

Dates for your diary:

Monday 13th July: 2pm Open Afternoon and Natural History Exhibition in the forum. This will be Celebration Afternoon, when you will have the opportunity to come and look around Year 4, to view all the work the children have produced for their LEAPs.

Tuesday 14th July: Sports Day at HT 1pm, remember your PE kit!

Wednesday 15th July: Celebration Picnic, on the Downs at 12.30.

Monday 20th July: Church Service at 1.45pm.

Tuesday 21st July: Summer Holidays at 1.45pm.

We hope you have a fantastic weekend.

Best wishes,

Julia, Sheila, Jess and Seonaid.

In Maths this week, Year 4 have been revisiting Place Value.

The children have been ordering numbers with one and two place decimals, using decimal notation to solve calculations involving money and have been problem solving.

Some of the children also investigated whether the following statement is true:

“The longer a number is the bigger it is.”

How could you prove your answer?
