

Sport Premium 2013-2014 – Outcomes

Physical Education

Staffing and CPD

1. A new year 3 netball club was set up by Clare Cruddas - 14 more children engaged in another sports club. This club is to be continued in 2014-2015
2. Teachers within each year group attended KS2 Gym and Dance workshops to enhance their knowledge and build confidence in delivering these sessions within the curriculum. This led to better planning and monitoring for inclusion within the annual P.E. curriculum.
3. We employed a new P.E. teaching assistant to help run P.E. sessions. Matt Dean has a background in personal training, has worked as a P.E assistant in a previous school and has experience in football, tag rugby basketball and tennis. He has established a great rapport with the children and has been able to offer a new tennis club in the summer term which involved 35 children
4. Gillian Rodgers attended a 'New Curriculum in P.E.' course ensuring that we are completely up to speed with regard to what we are offering to all of our children in Holy Trinity
5. **Youth Sport Trust** membership has given us access to additional training resources including online sessions, TOPS training cards and visual resources for noticeboards to promote P.E., sport and wellbeing

Enhanced resources

1. New sportshall equipment enabled the children to try out new indoor athletics equipment during fitness sessions such as speedbounce and hi-stepper. The children were also able to practice properly for competitions.
 - Holy Trinity won the Guildford Sportshall competition and were bronze medallists in the County Sportshall Competition. This involved 25 children from Years 5 and 6.

- Holy Trinity school entered two year 3 and 4 teams into the Guildford Sportshall Athletics competition, which was run for the first time. This involved 38 children.

Improved communication

We have established a new sports page on our **Holy Trinity website** which includes fixtures, venue information, match reports and sports news, a photo gallery and a Sports Premium overview. This will be developed further next year.

Healthy Lifestyles

1. We introduced new **Change4life** sessions within our curriculum P.E. sessions and an afterschool club. We were able to target small groups of children and work with them on teamwork, good communication, friendship and collaboration, creativity and invention using sport as an active medium. This involved 52 children.
2. 26 children were involved in an activities day based at **Surrey Sports Park** which focussed on three new sports not covered at school; squash, badminton and climbing. Due to its popularity, badminton will be introduced as a new school club.
3. We have worked hard to try to offer as many **sports clubs** as possible across a wide range of sports and age categories. We have also aimed where possible to offer these clubs at no cost except where we feel that we do not have an in-house option in order to be as inclusive as possible. We are extremely fortunate to have a staff who are not only enthusiastic to run a club but have a wide range of sporting ability. Where staff have asked for additional CPD in order to deliver a club we have organised it.
In 2013-2014 Holy Trinity offered 29 clubs, (see attached list).
 We introduced and funded two new clubs; badminton and volleyball

Competitive School Sport

The biggest number of sports fixtures was run at Holy Trinity this year where the standard of play and the range of sports was expanded, (see attached list – 87 fixtures).

As a result:

1. More children from across all year groups were involved in inter-school competitions
Year 6 67%
Year 5 53%
Year 4 42%
Year 3 36%

2. More children of different abilities were involved in inter-school competitions ensuring inclusivity. This involved more B,C team fixtures and tournaments involving;
 - Netball
 - Football
 - Tag rugby
 - Cricket
 - Athletics
 - Swimming
 - Cross-country

3. New sports were introduced such as aquathlon (25 children)

4. Children were offered more competitive opportunities within different sports;

Athletics - GHS, Manor House fixtures (55 children)

Cross-country – Priorsfield (12 children)

In 2013-2014 Holy Trinity was awarded the **School Games** silver kitemark. We met all criteria for gold except for one; 20 % of our children need to be engaged in helping to organise and run sporting activities within school. Our new **School Sports Crew** will be established in 2014-2015.
