Garden Party Invitation

A date for your diary! Year One are holding a 'Garden Party' on Wednesday 25th May from 1.45pm. Invitations will be written and sent out soon.

Maths Corner

This week we have been practising writing our numbers the right way round as well as learning to write number names (zero to twenty). The children have made up their own number sequences counting forwards and backwards, found missing numbers, counted in 2's, 5's and 10's. **At home practise writing counting in 2s and 5s up to 30 (eg 2,4,6,8 ...) taking care with forming your numbers. Take care with those teen numbers!**

Dear Parents

What an exciting start we have made to our 'Ready Steady Grow' topic! We had a lovely surprise on Wednesday when we were introduced to 'Gardener George' who will be setting us different growing challenges each week! Our task this time is to find out how to grow cress. We decided to investigate what will happen if we try to grow the seeds without light, without water, or both We will report back on our findings! We took advantage of the beautiful spring weather and looked for flowers growing around school. We are learning the names of some of our flowers such as daffodils, tulips, bluebells, snowdrops and daisies!

Do you have any herbaceous and flowering plants that you could donate to our Year One garden? We will be very grateful for any that you have spare thank you!

Sarah and Sheena :))
