

# JUST TO LET YOU KNOW

## Maths

This week we have looked at multiplication strategies, focusing on using the 'grid method' to solve worded multiplication problems. Paste the following link to practise at home.

<http://www.iboard.co.uk/activity/Grid-Method-547>

## Literacy

We have posted our 'Evacuee' letters, so please ask family members to look out for them in the post and remind them to write a letter and return the evacuee.

The children have used their experiences from our 'Evacuee Day' to create evacuee character profiles. They have started to write letters home, as their character, and are developing their understanding of what it was really like to be an evacuee through the BBC history archive site and our weekly 'Spywatch' sessions.

## Spellings

farmyard  
alarmed  
largest  
starving  
harmful  
sharpest  
darkness  
startled  
arch  
archive

## Henley Fort

Class trips are on the following dates:

- 3A-Monday 8th May
- 3S- Tuesday 9th May
- 3T- Wednesday 10th May
