

## Maths

We have been revising some of the skills we have learned this term with Christmas maths activities.

Practise at home counting in 2's, 5's and 10's. These are crucial skills for the maths we will be learning in the new year!

Friday 6th December 2013

## Topic Fun

The children have really enjoyed finding out all about the nativity story. They have begun to write their own story books about each chapter in the story.

We have been looking at different images of the nativity, so if you have any interesting books at home with beautiful pictures in, please send them in. We would also like to share any children's Christmas themed story books you have at home too - we promise to take care of them!

## Things to Remember

We have been practising very hard for our Christmas play next week! We hope you are all clear about any costume bits needed from home. Please let us know if you don't!

Swimming and Guided Reading have now finished until the new year.

Please continue to hear your children read at home and especially look at a few of the reading challenges, they are really helping children develop their reading skills.

As the weather turns colder, please send in any hats/scarves/gloves named. The children should try to keep a pair of wellies/spare shoes at school in a named bag on their pegs.

## I'm Bored Box

What is your favourite Christmas film, book or programme? Write a review to tell us why you love it and why we should watch it or read it.

## Writing Corner

Have you written to Father Christmas yet? ..... remember to show it to your grown ups before you send it :))

## Spellings!

Learn to spell Christmas, Jesus, stable, donkey, star, angel, shepherd and king! It will stand you in good stead for the rest of your school life. Challenge yourself to learn Bethlehem and Jerusalem!
