

Just to let you know...

This week in maths we have been looking at 3D shapes and more specifically nets. The children had a go at making their 3D shapes, from nets that they designed. Have a look at www.mymaths.co.uk (username: pewley, password: squared). Then click on 'level 4', 'shape', '2D and 3D shapes' then click on 'Nets of 3D shapes'. There's a lesson, to recap what we have done and an activity.

Dear parents,
Congratulations to everyone who was involved in the wonderful Christmas play—it was a huge success!
In thinking about others, the Year 6 children will be supporting two local homeless charities: No.5 and Guildford Action. Next week they will be running a hot chocolate exchange for the rest of the school. This will take place during break times and instead of paying for the hot chocolate, we are asking children to bring in and donate items which are needed by the charities.

Next Friday is the Christmas lunch—please ensure you have returned the letter, if your child would like a school lunch on that day.

Best wishes
Alison, Mary, Sarah and Bec

Please could you sign in your child's reading journal when they've read three times in the week.

Books are in on Wednesday.

HOMWORK ACTIVITIES

This week's spellings are more homophones; they have the same sound but a different spelling and definition, so it's really important that children understand the meaning of each word.

cereal/serial	dessert/desert
principal/principle	who's/whose
prophet/profit	precede/proceed
farther/father	guessed/guest
eliminate/illuminate	heard/herd
led/lead	aloud/allowed

In Topic and English this week, the children learnt about the story of 'The Little Match Girl'. We thought about privilege and about those who are less fortunate than ourselves. The children then planned their own modern day versions of the story.
