Just to let you know...

Dear Parents,

In English this week we have learnt about the legend of Beowulf. We have summarised the story, talked about and described the characters and identified the features of a legend.
In maths we have focused on multiplication and division. The children have worked really hard this week and enjoyed the challenge! We begun the week recapping multiplying and dividing by 10, 100 and 1000 and then used the grid method to multiply and a number line to divide.

Have a lovely weekend,

James, Rachel and Sarah

Spelling investigation:

1. Choose a word from the list **below** and check its meaning.
2. The gue sounds like a 'g' and the que sounds like a 'k'.
3. Learn the word and repeat with all of the spellings in the list below.

league, plaque, antique, unique, tongue, plague, rogue, opaque

Please learn the words in the list at the bottom of the sticker and think about the sound the que and gue makes.

This week's homework is using the grid method for multiplication. Please see the sheet in your child's homework book for more information.
