

### Helpers needed please.

- \* We are walking to and from HT on Monday 11th December at 1pm to see their play and would love a couple of helpers to walk with us.
- \* We are then walking to and from St Mary's Church on Tuesday 19th at 9am for a carol service. We would love as much help as possible and there will be room for you to stay with us and join in the singing.

### Green Home Fun Books

Well done for all your hard work. We will send new activities again after the holidays.

This year, as a school, we are supporting the work of 'Toilet Twinning' again. This organisation builds safe, clean toilets in places around the world where they are desperately needed. £60 will pay for one toilet, and we are hoping to build as many as possible! If you are able to contribute any amount will help us reach our 'Toilet Twinning Target'.

### (Optional) Late Start—Friday 15th December

Next Friday, following the Christmas play, the children may arrive at school any time up to 10:30am. Breakfast club will be available as usual.

**JTLYK** Walnut and Chestnut 8.12.17

### Christmas Play

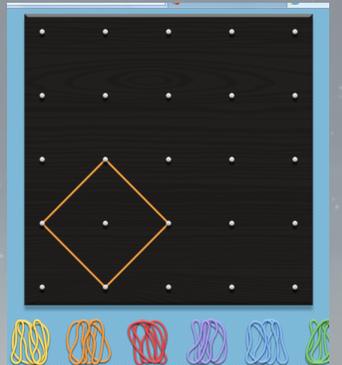

The children have been working so brilliantly putting the final touches to the Christmas Play 'Baubles'. We are really looking forward to the performances next week & hope to see you there.

A big thank you to Ethel's mummy, Emily, for creating a wonderful backdrop for this year's Christmas Play.

### Maths for Home

This week we have been learning about the properties of shape. Which shapes can you find around your house? Try making shapes on this exciting website.

<http://www.mathlearningcenter.org/web-apps/geoboard/>

Can you make a triangle, a square, a rectangle, and a pentagon. Is it possible to make a circle? How do you know you have made the right shape? Can you check? Which other shapes can you make?
