

Just to let you know...

This week we have studied the features of a biography. The children are now writing one about their sporting hero. They will need to write or type this up at home and bring it back to school after half term.

Spellings: investigating the words that end in the sound "shun" with various different spelling patterns:

magician, extension, electrician, exclusion, optician, attention, explosion, direction, confusion, reduction.

We were delighted to welcome back Krystyna Marsden this week, a heart doctor from the Royal Surrey; she expertly dissected pigs' heart in each of the year 6 classes. What a great opportunity for us all!
Well done to all the children who worked so hard on their Baffling Bodies projects—the standard of some was exceptional!

Please could you sign in your children's diary when they've read three times in the week.

GROUP READING as usual after half term, thanks for your continuous support with this, we so appreciate it!

Dear Parents,

We hope you have a super half term and look forward to seeing everyone again, ready to start work at 8.40am, on Monday 20th.

Best wishes,
Clare, Julia, Sarah, Mel and Helen

In maths this week, we have continued with translation in four quadrants and have moved on to reflection, across a mirror line .

Using place value, we have practised placing tenths and hundredths, fifths and halves into decimal notation. We have also been adding and subtracting decimals too!

Keep up the times table practice too!
