

Topic

This week we have continued to find out about Decomposition and investigating the science behind it. The children have spent some time learning to record their findings and analyse results.

Over the past few weeks we have been sharing performances from children in every house in our *Music Medleys*. What an amazing variety of musical instruments your children play; from harps to electric bagpipes! On Thursday and Friday a selection from each house was enjoyed by the whole school. HT certainly has Talent!!!

**Just to let
you know...**

30th-3rd Feb 2012

Reminder

Friday 10th February - FLUFFY FRIDAY

If you are able to volunteer your time on this busy day there are many activities that would be grateful for your support. Please speak to your child's class teacher.

Half term approaches, which is an excellent time to check those PE kits, get them washed and back on the pegs by Monday 20th February!

NB. PE/Games for Year 3 is on a Wednesday!

English

This week we have completed the Instructions for our Time Machines and are now preparing to write the first chapter of our journey back in time! This has involved examining and describing character and setting in some detail.

The spelling pattern for this week is 'i_e', these are the core words: slide, slice, wipe, smile, mile, hide, drive, ride. Don't forget to learn your extension words too!

Maths.

All classes have worked hard on division understanding equal and unequal sharing and then introducing the language the children will need to move on to fractions next week.

The children have now measured and recorded diagrams of their Time Machines which will help inform their Instruction Manuals.
