

Just to let you know...

- The Music Medley was a fantastic display of the children's musical talents - huge congratulations to all who took part!
- Year 5 have all taken home a moon watch sheet; we are asking that they have a look at the moon every evening during February and record what they see
- FLUFFY is next Friday (15th). Please don't forget to bring in £1.00 for FLUFFY too.

Many thanks
Bec, Henry, Alison and Anna

During science we did the second of 3 exciting, rotating workshops. The children either investigated; shadows, refraction and reflection, or electrical circuits. Ask your child what they learnt in science this week.

During English lessons this week, the children have been busy creating their own imaginary planets. They then wrote some lovely descriptive pieces, comparing their planets during daytime and night time

In maths this week, we started looking at decimals, then moved on to percentages and finally, looked at comparing the three.

There's a fun game at:

<http://www.math-play.com/Fractions-Decimals-Percents-Jeopardy/fractions-decimals-percents-jeopardy.html>

We also have use of this website; please make time to log on and have a look with your child. www.mymaths.co.uk

Username: pewley

Password: squared

Go to 'Level 5' then 'number' then 'decimals' - there are lots of good activities on there.

Group reading next week will be at 9.30 for 5R and at 9.00 for 5H and 5A

The spelling rule this week is adding the suffix 'ful'. The list is: peaceful, beautiful, thoughtful, merciful, wonderful, useful, plentiful, bountiful, harmful, grateful. There will be a little test on Monday.
