

# Year 5 Group Room

We've had a busy week creating our own planets using features from planets already studied. The vocabulary focus has been *compare, similarity and difference* and being able to articulate these confidently.

Spellings next week will be homophones – words that sound the same but are spelt differently and have different meanings. See how many your child knows already.

*And don't forget to keeeeeeeeeeep reading!*

Have a great weekend,

Lynn and Tina
