We have been working hard finding the difference between two numbers using a number line. We have extended this by applying this to money and finding change in the ancient Greek agora!

Writing:

We leapt back in time to an ancient Greek market place where the children used their senses to taste Greek food, try on Greek clothing, walk on hot sand, listen to the sounds of a crowded market and handle pottery and coins. This then inspired them to write a detailed description of an experience in the Greek agora.

Art:

In art this week we looked at designing our own Greek theatrical mask. We experimented with showing different emotions on our faces and exaggerating these within our drawing. Can you guess the emotions the children are trying to show?

Science:

Science this week focussed on our muscles. We looked at the different muscles, what they are used for and how to exercise them.

Reminders and Notices

Greek Day: Thursday 5th March: The children will need to come into school clothed in their chitons (white sheets work well!).

Book week: Next week is an exciting book week for the school! We will have two visiting authors as well as a range of fun activities throughout the week celebrating creative writing and books. The theme for this year will be science!

Red nose day: Year 3 will be raising money for Red Nose Day on **Tuesday 10th March**. This will be by means of a cake sale to be held at break. We would love to have lots of delicious cakes to sell to the rest of the school. It would be great if you could send them in with your child on that morning. Very many thanks.
