

Just to let you know...

This week year 6 have been looking at speech punctuation—the children used an extract from Wonder to identify reported and direct speech, attempting to go from one to another. When you hear your child read see if they can identify which is which.

Spellings

Innocent innocence decent
decency frequent frequency
confident confidence obedient
obedience reference independent
independence independency

This week, as you know, we have spent our time learning about human reproduction, puberty, relationships, marriage and growing up!

The children have impressed us with their thoughtful questions, respectful listening and mature attitude. We hope that you have also enjoyed chatting with your child as the week has gone by.

Next week, we will be learning about the parts and functions of a flower.

Please could you continue to sign in your children's diary when they've read three times in the week.

We are very excited to be re-starting our reading carousel next Wednesday (22nd Jan). We have a number of challenging yet fun activities lined up!

Dear Parents,

The children have the following homework this weekend.; Mental maths, SPAG (speech) and finishing off any topic work. We have also set further mathletics challenges for them to attempt.

Thank you for your continued support with this.

Kind regards,
Clare, Mary, Cheryl and Sarah

In maths this week, we have been learning to create and interpret frequency and bar charts as well as how to plot coordinates in four quadrants. We carried out a range of assessments to ensure that we know where the gaps lie in children's understanding.

Next week we will be helping the children identify their next steps as well as moving onto interpreting line graphs and pie charts and beginning to reflect shapes across axes.
