

Curriculum News

We had great fun this Monday building our very own time machines. In the morning we had to design our machine in 3D on isometric paper. Later in the day we used masking tape and hot glue guns to stick our designs together.

Literacy:

As part of our time machine week we have been learning how to write instructions for our own time machines.

Can you find some instructions in your house? What are they for? Do they have the features we have been talking about?

Maths:

Our focus in Maths this week has been perimeter, We have been measuring the perimeter of different objects in the classroom.

Spellings

As part of the new curriculum that comes into force in September we have started daily phonics sessions in year 3 to support with spelling and reading.

We have a statutory list of words to learn for the year and as a result there will be a single list for all children each week.

Reminders and Notices

Wednesday is our PE day every week. 3N are doing Gym and 3G are doing dance. **3C are swimming** this term. Please ensure that your child has the correct kit. Hats and goggles are optional.

Mathletics

There is now an activity to try on 'Finding the perimeter'.
