

Topic Fun

We have kicked off the term reading the story of 'Where the Wild Things Are.' We thought about Max's journey and where we would go if we could go on an imaginary journey. We are learning to retell the story through drama and writing, and have started to design our own Wild Thing and imaginary land. We will soon be writing our own stories based around these.

Reading

Please try to hear your child read at least 3 times each week. Please look at your child's reading level challenges when reading for ideas of what to focus on, and do write in the JTLYK book with any comments.

If your child still has their green homework book at home can they please bring them to school every Wednesday.

A Very Happy New Year!

We hope that you and your families have had an enjoyable Christmas holiday. Thank you very much for all your kind gifts and cards at the end of last term.

Journeys – Parent Help...

We'd love some parents to come and speak to the children about interesting journeys they may have been on. Have you walked the Great Wall of China? Have you ridden on the back of an elephant? Are you a pilot? Have you sailed or trekked anywhere? Maybe you have walked along the river to Godalming? Let us know if you can come and share. The best times are usually first thing in the morning, or last thing in the afternoon, for about 15 minutes. Some pictures are always good to share with the children too, and learning a word or two in another language is fun!

Trainee Teachers in Year 2

We are really lucky to have two trainee teachers with us until February half term. They are Sarah Jackson in Walnut, and Matt Clifton in Chestnut.

Year 2 JTLYK 6.1.17

Maths

We have been ordering and estimating numbers using a number line and other resources. Practise estimating objects or other things at home e.g. how many apples in the bowl? How many steps to school? How many grapes in the bunch? What makes a good estimate? How can you make your estimates more accurate?
