English

This week we have read and compared different Ancient Greek myths. Our writing focus was the story of Icarus and Daedalus and The Wooden Horse of Troy; we have thought about writing accurately and descriptively using correct punctuation for our sentences as well as using capital letters for proper nouns.

Maths

In maths we have further developed our understanding of fractions, using the Bar Model to find fractions of numbers before using what we had learned to solve worded fraction problems.

Topic

The children learned about the different teeth both humans and animals have. We discussed similarities and differences between different animals teeth, why they have them and the purpose they serve. We then looked at identifying the different types of teeth we have.

In addition, we learned about democracy this week. We discussed it's introduction and use in Ancient Greece as well as those who were able to vote. We then devised our own questions and voted on the outcome using the Ancient Greek method involving white and black stones.

Time Machines

Please continue to collect items for our Time Machines but do not bring the resources into school just yet. We will let you know when they are needed.

Sports Hall

A huge '**Well done**' to our Y3 children who participated in the Inter-School Sports Hall event on Thursday. We were incredibly proud of their positive attitude and sportsmanship. They were competing against Y4 children and came 9th out of twelve schools.
