

JTLYK Year One

Friday 23rd June 2017

Maths

This week we have introduced arrays.

An array is a group of objects organised into rows and columns to make it easier to count them. Can your child draw an array and then tell you what he/she has made. E.g. "I have got 2 lots of 6 and that equals 12."

PHONICS

Thank you very much for continuing to encourage your child to practise each week in his/her 'Sound of the Week' book. This week your child will be learning to spell some of the Year 1 words. We will have a focus on this from now until the end of the term.

A Reminder

Our Painshill Park visit is on 4th July. Children (adults if you'd like to as well) please come dressed in a simple pirate costume and shoes or trainers that are easy to walk in.

Dear Parents

We had a great time at The Wild Place this week, creating wonderful pirate ships! (Pictures will be on the website.) Thank you to the parents who have contacted us to offer to talk about a country. If anyone else would be keen to come in to tell us about a country we'd love to hear from you please. We taught the children a little about France this week. Australia next week! Hope you got the sunflower seeds this week. The competition Savills run is completely optional! Have a lovely weekend and see you on Tuesday.
