

**JTLYK RECEPTION**  
**Friday 23rd June 2017**

**Golden Boot Challenge!**

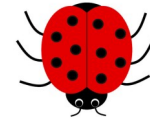

Today we all completed our **third** Golden Boot online survey to monitor how 'green' our journey to school is. Our **FINAL** challenge is next Friday - don't forget to make your journey as **green** as you can!

**WILD PLACE**

Please sign up to help next week, we are very short of helpers.

Dear Parents

This week we have learned lots of facts about the Ladybird - what resilient little creatures they are! The children have started 'fact files' about mini beasts with lots of lovely writing and drawing. We have started our lovely garden role play areas to imagine ourselves as mini beasts in the wild. The children have loved joining in the story of 'What the Ladybird Heard' by Julia Donaldson.

In maths we have consolidated our learning of 'halving' by sharing objects between two. At home try to 'grab' a handful of pasta or cereal bites, 'share' them between two willing hands and see how many you have in each (watch out for odd numbers!) - are they the same? How many altogether?

Next week our mini beast is ... Bees! We will be learning facts and tasting honey ...

Have a safe and happy weekend!

Reception Team :))
