

Year 6 Group Room

We didn't see much of the boys and girls this week as they were busy preparing for their trip to the Natural History Museum. We hope they had a wonderful time and brought back information useful to their topic work.

Next week our focus will be SPAG - Spelling, Punctuation and Grammar together with learning some reading comprehension skills. Something you might like to do to help sharpen these skills is to play 'What's the Question?' Whilst reading with your child take it in turns to make up a question about what s/he has read then write a short question on a slip of paper. At the end of the passage take it in turns to read and answer each other's question.

Have a great weekend.

Lynn and Tina
