Dear Parents,

It was great to see you all this week at Parents' evening, thank you for your continued support.

Homework:
Please ensure that your child completes the maze compass challenge.

Have a great weekend,
Julia, Sheila and Mel.

In English this Week...

Year 4 have been involved in a variety of activities to support their park design. They have written a formal letter to Guildford Borough Council to persuade them to build the park in their local area.

Children have also designed and created a flyer to advertise their park and created trailer adverts using the i-Pads.

During the afternoons this week, Year 4 have been creating models of their park, ready to present to the rest of the class, to justify their designs.

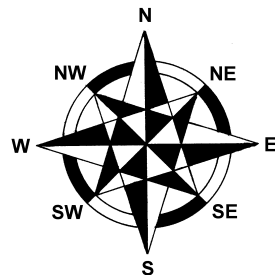

Why not ask your child about the features of their park and why they have included them?

In Maths the children have learnt how to use the eight compass points, to direct each other around a map.

They also worked in groups to design a treasure hunt around the school, including instructions for other teams to follow.

Have a go at the mathletics task for this week.
