

# Just to let you know...

## Maths

How much carpet do you need? What about that fence in your garden, just how much wood do you need to buy?

That's right, you guessed it - this week we have been learning all about area and perimeter. The children have looked at compound shapes and at shapes that need missing measurements filled in. We finished the week looking at real life problems.

## Red Nose Day and Dance Medley

This week has been fun-filled and the children raised loads of money for Comic Relief. They have run, danced, eaten, sold and generally had a great time, all in support a great cause! Thank you as ever for your help with this, all of those pound coins really do add up!

## Literacy

Once your idle soul has laid eyes upon me you will be flung across the tree tops and pecked by tiny birds with pink beaks!

Maybe I will leave the curse writing to the children...

This week we have been using similes and descriptive language to create all sorts of gruesome curses. If you get a chance come in and have a read of them!

## Spellings

**Group 1**— luminescent, science, scenic, abscess, conscience, conscious, isosceles, scenario

**Group 2**— science, scene, scent, scenic, abscess,

## Homework

Following on from our work on area and perimeter please look out for the A4 question sheet coming home this weekend.
