

## Maths

Early this week we continued to consolidate our learning on column subtraction, with the children completing multi-step word problems. We then moved onto learning about different angles in shapes. This included right angles, acute angles, obtuse angles and reflex angles. Ask your children if they can spot examples of these angles around home!

## Sport Relief Mile

The children had a brilliant time running a mile in aid of Sport Relief on Thursday. We ventured up onto the Downs and were lucky enough to have beautiful sunny weather!

There will be no new spellings to learn over the Easter Break. Please review the spellings we have covered over the last 6 weeks.

Parent helpers, please note, there is **no Year 3 reading carousel next week** (Tuesday 22nd March). Reading carousel will resume as normal after the Easter break. Thank you for all your support this term.
