

Just to let you know...

Dear parents,

We enjoyed a thoughtful time for Pause Day this week, where the children reflected on the real meaning of Easter. We considered the multiple intelligences and placed children in activity groups to suite their learning style; the day was filled with a variety of Easter themed activities.

We've been busy this week, designing front covers and putting together topic books; it's been lovely to see the wonderful range of work the children have produced throughout this topic. They've worked incredibly hard and should be very proud of what they've achieved.

Beautiful Easter gardens were created by the children on Thursday — well done to all who took part.

Thank you for your continued support this term. Wishing you a peaceful and happy Easter and we look forward to welcoming you back in the Summer Term.

Love, Bec, Heather, Laura and Nick.
