

Maths

Week we have been working on reading scales e.g. jugs and thermometers. We also looked at grams. Have a go at making your own block graph on the website below.

Fantastic well done to everyone that has made supermetrical patterns at home. We have been so impressed by your creations. What amazing children you are!

Thank you

Our Journeys topic has now come to an end so we just wanted to say a huge thank you to everyone who came in to talk to the children. It has been fascinating to listen to the many and varied talks, to look at the photos and to learn from you all. Thank you for your time and enthusiasm. You have really made the topic come alive. :)

Things to Remember

Pause Day - Monday 27th March

We will be making Easter Gardens so please send in moss, leaves, flowers and/or trays if possible for the children to use in their creations. Please see the letter sent home last week for further details.

Easter Service at Holy Trinity Church Tuesday 28th March at 9:30am

This will be a joint celebration with the junior school children. We would love a few parent helpers from 9:00am to help walk children to the church and back.

Swimming

Wednesday 29th March

The children will be swimming this week and will then continue with lessons on the first week back after Easter (Wednesday 19th April).

Friday 31st March - End of Term.

Please note that there will be an early pick up on Friday at 1:30pm.

New Baby!

Just in case you haven't yet heard, Patrick and his wife Belinda welcomed baby Jasper to the family this week.

Walnut class were very pleased to see a photo on Tuesday.
