

English

In English we generated vocabulary to describe a volcanic eruption. We looked at word class and used this as a basis for a volcano poem.

We have also had our reporters hats on, making notes about the Mt. St Helen eruption using the 5 W's.

This formed the basis for a newspaper article giving a recount of the eruption.

Maths

This week we worked on 'expanded subtraction' before moving on to the more formal method of 'column subtraction'. We learnt how to exchange and applied our learning to solving worded subtraction problems. Copy the link to a really useful activity to reinforce our learning.

Topic

We have been finding out about different types of volcano and why volcanoes erupt. The week culminated explosively when we made our own strato and shield volcanoes!

impression

Y3 Greek Day

Next Friday, 16th March, is our Greek day. We have lots of interesting and fun activities planned for the day and look forward to seeing all of the children in their Greek costumes. Please make sure you have made your contribution towards the cost of the days activities and returned the slip to your child's class teacher.

G Live

Our school orchestra will be performing at G Live on Wednesday 21st March; tickets are available from G Live.

Parent Consultations

It was lovely to see so many of you this week to discuss your child's progress and achievements so far this year. We are very proud of all they have achieved and thank you for your continued support.

Mental Maths

Copy the link for a fun multiplication game to practise those times tables!
