

Year One

Beech and Oak Class

Friday 15th March 2019

This week we have recapped and practised time and shape in maths. We also began learning the story of Peter and the Wolf ready to adapt it next week. We have all finished our clay dragons and began painting them too. They are looking fantastic!

Thank you for coming along to the parent consultations this week. All after school clubs will be back on as normal next week.

This year we would like to acknowledge World Down Syndrome Day which is next Thursday (21st March). To show our support we will be wearing odd socks to school. If you would like to make a donation then all money raised is going to the local Stepping Stones charity.

Year One are celebrating the Dragon topic next Friday (22nd March) by dressing up. We will have a lot of fun telling our Peter and the Wolf adaptations in fancy dress!

Have a great weekend

Claire and Georgie

English

We have started learning Peter and the Wolf this week and thinking of ways we would like to adapt it next week to be a little more in line with our Dragon topic. We also listened to an orchestra perform the famous Peter and the Wolf music and enjoyed hearing how it complimented the story.

Maths

We have been recapping shape and time this week. We mainly focused on o'clock and half past. We solved some time problems too. For shape we remembered the properties of 2d shapes, for example, the number and length of their sides as well as how many corners each shape has.

With some help have a go at the time problem below:

Lucy wakes up at 6 o'clock. She goes for a run and eats her breakfast in 1 hour. She takes another half an hour to get to school. What is the time when she arrives?
