

Just to let you know...

Dear parents,
We have been imagining the journey in another's footsteps this week when we held our talent show for Red Nose Day. What an accomplished year group! We loved sharing our talent with Year 5, and seeing their skilled performers.
In maths, we have looked at symmetry and angles and have continued this theme with the homework.
We have been writing our own poems in English and have worked hard to edit and improve them. We're very proud of the results. ☺
Have a great weekend,
Nick, Sarah and Emily

Homework

Look around your home for symmetry and different angles and record this in any way you want- a photo-collage, a diagram, a painting, etc. Let your creative juices flow!

Thank you to all of those of you who attended our Bentley Copse meeting. You should all now have received the paperwork for the trip. If it has got lost at any point then please do let us know and we can get you another copy. Please remember the kit list is a guide.

Spellings
Days of the week and months of the year are the spellings this week. We know there are a lot of them but the children should know most of them already. Have fun finding creative ways to learn the trickier ones and remember the capital letter for each!
