

CURRICULUM NEWS

Maths

This week we have been working on division as grouping. We have also looked at a range of different methods used and applied this to word problems.

English

We have had great fun, creating our own back story to our 1940s character. The children will now be able to tell you where they have come from, how many siblings they have and what their favourite games and hobbies are. This character will be built upon and form an important part of their writing over the next term.

Reminders and Notices

Spellings: Evacuee, Britain, Europe, Forces, Civilians, Arrive, Build, Centre

There is a new **mathletics** challenge up on division.

Just to
let you
know

London Road Trip

We had a great, if some what soggy day, on the London Road Trip. The children really appreciated hearing the stories of people from Guildford and seeing the effects of the war. Ask your child to tell you what their highlight was!
