

Just to let you know...

Maths

This week we in Maths we have been looking at scale and map reading. Children have planned routes in Dorset and measured distance using a piece of string and the correct scale. They also practised solving multi-step word problems and were reminded of using the RUCSAC method.

Brenscombe Letters

We would like to start taking in letters you would like us to give your children at Brenscombe. We are taking these in prior to going and will hand out when we are at the centre. Please give these to your class teacher ASAP. Also look out for letters coming home with up-to-date information regarding the trip.

Homework

How much is a packet of biscuits? The children have been given a sheet with a tricky problem involving packs of biscuits. Answers on a blank piece of paper and returned on Monday morning.

Literacy

In literacy this week the children learnt all about the different types of castles including: concentric, motte and bailey and stone keep. They also enjoyed the reading carousel and had a chance to participate in one of the many reading activities planned.

These included solving a murder mystery, reciting and performing poetry and practising their dictionary and comprehension skills.

Spellings

Group 1

appear
experience
experiment
forward
pressure
remember
separate
strength

Group 2

aggressive
amateur
awkward
foreign
hindrance
opportunity
programme
recognise

Dates

7th May

HT Election day! We would like the children to come in wearing something either, red, green, blue or yellow.
