

## Maths

We have been practising our subtraction and finding strategies to help us. Can you answer the number sentences below and explain how you worked them out?

(See separate sheet– One Hundred Square).

$21-11= \square$

$35-9= \square$

$40-21= \square$

$75-22= \square$

$99-15= \square$

Can you draw a number line from 0 to 100 to help you? You may need some help to check all of your numbers are in the correct order before you use it.

Don't forget you can count back in 1's and in 10's! If you use the One Hundred Square- show your parents the magic of jumping up lines when you are taking away in 10's!

## Spellings ...

We have been practising "ch" spellings this week.

chomp, chart, Charlie, Church, chalk, chat, stitch

## Topic fun

The children have come to the end of their Great Fire of London topic and thoroughly enjoyed the Great Fire of Pewley in the car park on Tuesday.

The children have also learned about forces and have made their own stomp rockets to experiment how to make them shoot up into the air the fastest and furthest!

# Fire!

## I'm bored box

Have a go at making paper aeroplanes using different materials (paper, thin card or something else). Which one flies the best? Why? How can you improve your design to make it fly better?

## Things to remember

### St Paul's Trip on Tuesday 13th

Children wear school uniform, come with a packed lunch and snack. They will need a coat but NOT gloves, hats or scarves!

Please meet us in the playground at 8.45 where we will do the register and get straight on the coaches.

We are due back at school at 4 pm.

**Parents Evening**– look out for your parents evening appointments coming home soon. We are looking forward to meeting you all again.

### Missing Goggles!!

Has anyone picked up Carys Rowland's named prescription black goggles from swimming? If you find them in your child's swimming bag, please return to school.

### Writing corner

The children were really excited on Tuesday when they watched the Great Fire of Pewley. Thank you to the parents who came along and supported our topic. Can you write a short poem with describing words of what you saw and how you felt? Don't forget to talk about the beautiful colours of the flames. You may want to add a photo of the event too!
