

### Curriculum News:

**English:** This week we have been listening to and beginning to generate our own ideas for a belief myth. The children have come up with some wild and fantastic ideas to explain how earthquakes happen or volcanoes erupt.

**Maths:** Telling the time has been our big project this week. We have built our own clocks and practised telling the time!

**Science:** This week we made our own ear defenders after thinking about how sound travels through different materials. We had great fun both making and testing our ear defenders.

Next week will be moving on to measure in Maths. Why not spend some time at the weekend comparing and reading metric weights? Is your child able to read a scale accurately? Why not have some fun baking together?

### Reading Carousel

We are very keen to start a Reading Carousel with the Y3 children. This will run on a Tuesday morning between 8.45 and 9.30. The activities will be organised and provided by us and the children will be in groups. If this is something you feel able to regularly help us with please

e-mail Alison [alisont@holytrinity.surrey.sch.uk](mailto:alisont@holytrinity.surrey.sch.uk)

### Reminders:

Swimming has now finished for 3A; 3C will begin swimming in the Spring term. Please make sure your child has their PE kit in school on Wednesday and Thursday.

### SPELLINGS:

were, with, when, where, who, which, what, while.
