

**JTLYK YEAR ONE**  
**Friday 27th November 2015**

### **Poetry**

The children really enjoyed taking part in the house poetry assembly this week.. Well done to our brave children who were able to recite and read their favourite poems in front of their House friends. Oak Class learned the 'The More it Snows Tiddly Pom' and Beech Class 'Now I am Six' both by AA Milne :))

### **Maths**

We have begun two weeks of learning how to recognise coins and to use them in real life situations.  
**At home use 1p, 2p and 5p coins to play shopping for items up to 20p. How many different ways can you make 8p, 10p, 15p or 20p?**

### **Dear Parents**

We have had a great science week! Old Bear sent us a video challenge asking us to help him design a new house using the right materials. We then set off on a materials hunt to spot lots of different materials we thought he could use such as wood, glass, plastic, metal, concrete etc. After that we designed and labelled a house using words that describe the materials such as bumpy, smooth, shiny etc. Next, Old Bear asked us to investigate waterproof materials for his new umbrella. Ask your child to explain how we investigated this little problem!

**Sound of the Week** - thank you for all the hard work you are doing with your children with this essential consolidation work at home!

Sarah and Sheena :))

### **Christmas Play**

The children are really enjoying singing and dancing in preparation for the Christmas play! Please make sure your child's costume is in school by **Tuesday 1st December in a named bag**. We expect you have started hearing some of the songs by now so we have sent home the words to help!
