

Year One

Beech and Oak

16th November 2018

Just to let you know that on Monday 19th of November we have the school nurse visiting. They will be coming to do the 5 year old health checks.

Here are some more dates for your diaries: the school trip to the Guildford Museum is on the 3rd and 4th of December. Oak Class will be going on the 3rd while Beech Class will be visiting on the 4th. Please do let your child's class teacher know if you will be able to support us on this trip.

We will be holding our road safety awareness day (Beep Beep Day) on Friday the 23rd of November. We will learn about keeping safe when walking near cars and when crossing the road.

Please could your child come in dressed in bright colours for this day. They could just wear a bright t-shirt or a full outfit.

You will have received a letter talking about The Besom Project Christmas hampers each class will be donating. If you would like to donate an item to a hamper then please refer to a shopping list outside of your child's classrooms. Checking off the item you choose to donate will avoid having multiples of the same thing.

We hope you have a wonderful weekend,
Claire and Georgie

Maths

This week we have continued to learn about addition using another part-part whole model called the bar model. Everyone has loved using these to solve missing number problems as well as practising partitioning. Next week we will be moving onto problem solving.

Have a go at filling out these bar models:

Writing:

We have started our story writing in Year One and this week we have written up the first part of Lost at the Toy Museum. We have been practising acting out this story and learning it by heart so that when we came to writing it we were able to ensure we were using curly school writing and sounding out each word.
