

# Year One

## Beech and Oak

9th November 2017

We have had another busy week in Year One! We have been learning an adaptation of the story 'Lost in the Toy Museum' ready to write it up next week. If you get the chance why not ask your child if they can tell you what happens in the story.

It is our parent meetings next week on Wednesday and Thursday. We have sent home your time slot so please do check your child's book bag for this. Due to the meetings after school clubs will be cancelled. We really look forward to meeting with you all.

Have a restful weekend,  
Georgie and Claire

### Maths

This week in maths we have been doing some more addition. To aid our understanding of addition and addition number sentences we have discussed fact families. This involves using 3 numbers at a time where the total or whole number is always the same. We then write as many number sentences as we can with them. This helps us understand that it does not matter which way you add numbers, the total or whole amount will always be the same. Have a go at the task below:

5	4	9	$9 = 5 + 4$
			$\_ = \_ + \_$
			$\_ + \_ = \_$
			$\_ + \_ = \_$

### Hand washing

We were very lucky to be visited by two nurses this week who came in to talk to us about the importance of washing our hands properly. We learnt how to wash our hands thoroughly and then, after a few of us rubbed our hands into 'glitter bugs', we observed how quickly those bugs can spread around a classroom and onto other people. We made sure we were completely glitter bug free come lunchtime!
