

Just to let you know...

We break up for Half Term next Wednesday (18th Oct). Please note that it is a half day and school will close before lunch at 12:15pm..

Maths

In maths this week, the children have been extending their use of formal division.

In order to be able to divide, the children need to practise their times tables. Please help them over the weekend to become more secure with their least favourite table. If your child is secure, please get them to learn their 17 times table!

Christmas Production (11th-14th Dec)

Auditions for the School Christmas Production of The Lion King will take place next Tuesday afternoon in school time (17th Oct).

English

After Half Term the children will be writing formal letters to various companies aiming to find out about their approaches to sustainability.

Over Half Term please be thinking about who your child is going to send their letter to: local companies, people who work in environmental issues, the local council Environmental Department or any car companies are good examples. Please bring in a SAE for the first week back.

Spellings

There will be no new spelling rule to learn over half term. Please revise the spelling rules we have covered previously.

Science

This week, the children had a brilliant time carrying out reversible and irreversible reactions. At home think of reversible and irreversible reactions that take place in the kitchen!
