

## Just to let you know...

In topic this week, we have started our Celtic Sewing. We have been learning how to thread a needle and to apply a simple running stitch. We have also developed our fine motor skills, cutting out felt crosses. The children have had a great time creating some wonderful designs.

Thank you to those of you who joined us for our Harvest assembly. It was amazing to see the generosity and to have a chance to reflect on how privileged we are.

This week in English we have been working on our Butser Farm Brochures. We have had a look at some brochure examples and have planned out our designs. We have focussed on exciting language and adding relevant information. All the classes have started using Microsoft Publisher to create their own, in pairs. The children have learnt to import pictures and how to shape and create their texts on the computer.

Spellings — might, again, beautiful, make, made, they, because, here, hear, Boudicca, Roman, tribe, Iceni, horse, Queen, warrior, King, Britain

## Maths

Maths in Year 4 continues to get more and more exciting every week. The children have been looking at number sequences. They have been encouraged to work at their own pace and to challenge themselves with some very tricky number patterns. The children have learnt to look at the relationship between the numbers; to solve the problem. We are continuing with our tables tests and the children are enjoying our carousel of mental maths games. Why don't you challenge your child to a game of maths Fizz Buzz?
